This township should embrace the growing, lucrative industry by adapting our zoning laws to make legal sales of all kinds available throughout the township. Furthermore, the town will miss an opportunity to increase business and tax revenue by disallowing cannabis dispensaries in places where they currently allow liquor stores to operate. The stigma associated with cannabis and the cannabis industry has remained in several neighboring towns. Let's not allow that line of thinking to take root in Teaneck.

TEANECK WAS ALWAYS A NICE QUIET RESIDENTIAL AND SAFE NEIGHBORHOOD. BY SELLING CANNABIS YOU WILL BE CREATING CRIME IN TEANECK AND MAKING THE TOWN AN UNDESIRABLE PLACE TO RAISE A FAMILY. CANNABIS SHOULD ONLY BE ALLOWED FOR MEDICINAL PURPOSES AND NOT FOR ANY TYPE OF RECREATION. THIS IS TOTALLY UNNECESSARY AND DANGEROUS - WILL GREATLY INCREASE CRIME AND AUTOMOBILE ACCIDENTS AS DRUGS WILL MISUSE CANNABIS JUST AS THEY DO WHILE TEXTING AND TALKING ON THE PHONE WHILE DRIVING. THE TOWN SHOULD BE LOOKING TO ENHANCE THE NEIGHBORHOOD WITH NEW STORES AND RESTAURANTS THAT WILL PROVIDE A BEAUTIFUL WAY OF LIFE FOR THE RESIDENTS HERE. WE PAY A HUGE AMOUNT FOR PROPERTY TAXES IN THIS TOWN AND THIS WILL NO DOUBT REDUCE THE PROPERTY VALUE - AND THIS IS NOT THE REASON WE MOVED HERE. BY INTIMATING THE SALE OF CANNABIS IN TEANECK YOU WILL BE FORCING RESIDENTS LIKE MYSELF WHO HAVE LIVED HERE FOR SIX YEARS TO MOVE. VERY IRRESPONSIBLE ON THE PART OF THE TEANECK LEADERS.

Yes	Palisades Ave/Degraw Ave Business District/Glenpointe/Cedar Lane Business District/Teaneck Road Business District/Queen Anne Road/The Plaza/This is a financial opportunity for the town to generate revenue from external sources. Do not blow it on stupidity. Anyone over 21 can get marijuana if they want it. And you are already allowing people to violate federal law - why try to limit with local ordinances when you tell people they do not have to obey relevant federal laws?	No	NO LIMITS. Let the town benefit financially. Stay out of people's business. This is allowed for adults only - all of whom can readily get marijuana now anyway if they want it. There will be MORE enforcement, not less, for children, if we allow this everywhere - thereby generating tax revenue and harming the illegal trade.	Don't blow yet another opportunity to generate tax revenue from external sources. People can get marijuana if they want it. Some town is going to make tax money from this. Let it be Teaneck instead of some other town. And stop worrying about whether legal marijuana will harm the town - anyone who wants it now can get it anyway. Don't be naive, and don't be stupid vis-a-vis a once in a generation revenue opportunity.

Yes	Palisades Ave/Degraw Ave Business District/Glenpointe/Cedar Lane Business District/Teaneck Road Business District/Queen Anne Road/The Plaza	Yes	I think a few for each. You do not want Teaneck to be known as the Cannabis town. No one wants to walk around a town that smells of Cannabis. Moderation is the key to be able to reap the tax benefits these establishments will provide without going overboard.	The zoning board should take very careful consideration of parking for said businesses. Do not allow a business to open if they cannot provide parking. Make sure they are not near schools/religious buildings. Parking is a major issue. Right now, there is a terrible problem with people double parking everywhere in Teaneck to "just run in for a minute". You will have a tons of traffic issues if the establishments do not have their own parking lots. People will not want to pay to park in municipal parking lots to run in and pick up an order. The business will need to have their own parking lots. You also need to be mindful of delivery trucks and their impact on the surrounding streets. And last but not least, loitering outside of business and the impact to the neighbors. If you take a look at Ascend located in Rochelle Park, every time I drive on RT17, the parking lot is packed and 50% of the time, there is a line out the door.

Teaneck as a population of 40,619, our 1 dispensary should be able to "serve" 40,619 people (way less than NYC). Why do we need more than 1 retail location? We should limit the delivery license to 2. Yes	Palisades Ave/Degraw Ave Business District/Glenpointe/Cedar Lane Business District/Teaneck Road Business District/Queen Anne Road/The Plaza	Yes	Question is too complex for survey.	In general, I would think Teaneck is far more suitable for retail sales and delivery than for some of the other aspects simply because it will be cheaper the further one gets from more densely populated areas. It would make as little sense to cultivate marijuana in Teaneck as it would to grow vegetables commercially. However, this is a guess and I could be totally wrong.  Restrictions should perhaps coincide with other restrictions. A manufacturing business should not be allowed in an area of the business district that currently doesn't allow manufacturing.  [I have assumed in the that in the questionnaire that the answer Palisades Ave is meant to mean the Palisades Ave business districts.]

															The studies out of states that legalized recreational marijuana long before NJ are disturbing to say the least. Rather than create revenue for the state, it has only created issues and greater expenses in terms of increased emergency services (both in terms of hospital ER and police), greater incidences of driving under the influence and vehicle accidents, increased accessibility and higher rates of use by underage users, no production, sale, distribution or delivery should take place in our Town especially given our family-based values, and prevalence of schools, parks and systems to support those families and protect our youth.	What is being done to curtail the illegal sales of nicotine and THC products by the local smoke shops in Teaneck? Why do we allow hook alike products to be sold and distributed which clearly are intended to entice our youth to purchase (directly or indirectly)? There are several incidences of reports of "sales by dealers" in towns who purchase products and resell them to teens - how can we address this?

The position is needed for assurance to protect all minors under the age of 18 yrs from being able to purchase recreational cannabis who are not the legal-age for use and/or consumption in any form. The business owners at each respective license category should be held personally and legally responsible for ensuring that no minors are permitted to purchase or receive cannabis from their company. Retail outlets should be located so as to bring in consumers to the already established shopping/dining areas of town. As retail customers come to Cedar Lane, hopefully they will patronize other local businesses such as restaurants, cafes and other retailers.	I believe cannabis businesses can be an important step in revitalizing Cedar Lane and bringing in tax revenue.

2023/01/25 11:10:42 AM EST	aviberlin[REDACTED]	No		No	No	No	No	No	No	No		No expansion of licenses or zoning changes. No one says it better than my dear colleague Rabbi Uriel Friedman. I agree with everything he writes.  As many of you are aware, the sale of cannabis to adults is currently lawful in the State of New Jersey, including here in Teaneck. As such, there has been much discussion surrounding the opening of a dispensary in our township as a proven means of generating a significant amount of revenue for our municipal services. Many of you have reached out to me with concerns surrounding this issue, and I share them. For the last number of months, I participated, in my role as a faith leader, in many of these productive discussions, and found great consensus amongst all of the stakeholders regarding the importance of ensuring that any cannabis transacted in our town be done in a way which protects our children, our values, public safety, and our neighborhood. I write to you regarding this serious matter, in the hopes that you will join me in expressing our concerns to our esteemed and duly elected representatives from municipal government at a Cannabis Forum to be held at the Richard Rodda Center (Recreation Department) located at 250 Colonial Court, on Wednesday, January 25th, at 6:00 pm. Let me be clear: at a personal, religious level, I have significant reservations, both halachic and philosophical in nature, regarding recreational use of cannabis. While this is not the space for a lengthy discourse, which I will reserve for a forthcoming shur in the shul, it is sufficient for now to say that it seems wholly inconsistent with both the letter and spirit of the mandate of Kedoshim 19:14 and 18:"oto taid" avodu u& "va tsibak, especially as explained by Ramban (See his comments to VaYikra 19:2, Devarim 6:12, and Devarim 21:18. ). Regrettably, it has further been my experience that many people are ill informed of the health risks posed by cannabis usage, as well as the potency and addictive quality of commonly sold marijuana. As a father, Rabbi, and teacher, I would urge all adults to more fully investigate this issue with their health care providers before making a decision that may have a significant impact.

Only a segment of the population seems to know that this is being discussed, and that decisions regarding this matter are being made. There was not enough publicity about these discussions and meetings. My guess is that if people knew what was actually happening under their noses, the majority of Teaneck residents would have strong opinions opposing this. Given the chance, their input could be valuable. My guess is that the powers that be don't really want to hear from people opposing the distribution and sale of cannabis in Teaneck. Im not sure how to best answer the questions above, but in general since NJ overwhelmingly voted to support this (and I was one of them) Teaneck needs to embrace it and make a good faith effort to incorporate this new business in our town. I just don't know if we need all components (e.g. if there is already going to be a manufacturer and distributor in, say Bergenfield, do we need another one here...it seems like this could be best planned together with a few neighboring towns). Licenses shouldn't be required	It's already completely available to anyone who wants, including teenagers. What's the point of restrictions? They just create black markets & lead to mass incarcerations. I had no trouble getting cannabis when I was a teenager & it was completely legal. What would reduce usage is studies showing the supposedly harmful effects. That's what happened with cigarette smoking. Studies are easier to conduct when it's legal. The original studies linking tobacco with cancer were done at a time when there were almost no restrictions on tobacco sales.

2023/01/26 9:10:55 AM EST	jaak[REDACTED]	No		No		No		No		No	Yes	Teaneck should not license any other cannabis businesses no matter how tempting the income may be.	Cannabis businesses located in any other area of Teaneck will change the carefree of the town. They will impact traffic, traffic accidents, driving impairment, influence young children. The affect of second hand cannabis smoke has not been adequately studied but we know second hand smoke is dangerous. We are also learning that cannabis affects brain development from teen years through 23 to 25. I think increasing cannabis availability is the wrong way to right to wrong of Black incorporation.

Any jobs brought in by such measures are negligible (a handful of retail jobs paying low wages will not benefit Teaneck) and any benefits do not outweigh the negative impact to our communities, including the youth. Teaneck, unfortunately, does not have a walkable "Main St" to lure in foot traffic. Any potential customers will come in, get their weed, and drive back out of town, contributing little if anything to other local businesses. Meanwhile, the additional policing necessary will come out of our local budget and negate any financial benefits from taxation.

Having said that my concern is that of the children. What I haven't heard being discussed is, we all know children push the limit and do things to see if they can get away with it or because that's fun to do inappropriate and sometimes illegal activities. Being that up until now, cannabis and marijuana have been illegal that has historically been the drug of choice for young adults and children. My question is, now that cannabis and marijuana are legal and normal what will be the next substance our children lean? While I believe we can't run away from what's seemingly inevitable my question is, do we have to provide it on a silver platter and have our kids be the guinea pigs for everyone else?

Please push rezoning cannabis as a top priority. Businesses have been waiting for over a year and the township can use the revenue to enhance the parks for children, potentially lower property tax, increase education resources, and Teaneck cannabis business owners should be prioritized not outsiders such as the 3 groups that was forced through in one night knowing there was a new council coming in.
