

MINUTES OF A REGULAR MEETING OF THE TOWNSHIP COMMITTEE OF THE TOWNSHIP OF TEANECK
HELD IN THE MUNICIPAL BUILDING ON TUESDAY, JULY 15th, 1930.

The Chairman called the meeting to order, and on the roll call the following members responded: Chairman Walker, Committeemen Hamball, Falt and McCarthy.

A motion was made by Mr. McCarthy, seconded by Mr. Falt, approving minutes of preceding meeting.

On roll call all Committeemen being in favor and none against, motion was declared carried.

The following communications were received:

Assessment Commission (2)
Adjustment Board
T. J. Donnelly
H. Matrus
F. Aurel Schaid
N. J. State League of Municipalities
Public Service Elec. & Gas Co.
A. Edmondston
No. Hudson Mfg. Co.
Ulrich Sign Co.
Aug. Pihlaksar
Board of Chosen Freeholders
Public Utilities Commission
Recorder's Reports
Tax Collector's Reports
George F. Buckmann
John J. Brarman

Communication from Assessment Commission - With reference to the sewer assessment against Block 373, lot 1, assessed under the Northeast District Contracts T, U and Y, and 6 and 9a, we make the following recommendations - That the assessment be reduced from \$1,785.00 to \$1,673.70 for trunk and disposal under Contract T, U and Y, and from \$2,388.50 to \$2,239.57 for sewer under Contract 6 and 9a. This recommendation is based on the fact that there was an error in the assessment map and the frontage was figured at 850 feet instead of 797 feet. We attach map showing this block and lot sent to us by the engineering Department.
Referred to Finance and Tax Collector.

Communication from Assessment Commission - With reference to the sewer assessment against Block 138, lot 8, we make the following recommendation - That sewer assessment for \$1260. is correct as the assessment for benefits received on River Road frontage. That the assessment for \$181.00 assessed under the Northwest District, Cont. 7-9a and 9b for sewer, and the assessment for \$42.50 for trunk under Contract "P" be relieved.
Referred to Committee.

Communication from Board of Adjustment - With reference to the request of Wm. T. Sigley and Mary Costa, copy of their letter attached, we recommend that the property on the west side of Queen Anne Road from 150 feet north of Farrant Terrace to Highwood Street be placed in the business zone.
Referred to Committee.

Communication from Assessment Commission - With reference to sewer assessment against Block 138, lot 9, we make the following recommendation - That the assessment for lateral sewer should be changed from \$476.00 to \$328.00 and the assessment for trunk and disposal should be reduced from \$208.25 to \$143.50. We return herewith assessment bills and other data referring to this matter.
Referred to Committee.

Communication from T. J. Donnelly stating that it has just come to my notice that construction is under way for the erection of a swimming pool, bath houses and lunch room on River Road at the foot of North Street. Inasmuch as such constructions are for business use and it is contrary to the zoning regulations applying on this particular area, and furthermore it being understood it is likewise contrary to these restrictions of records I hereby make a formal demand that the permit issued for excavation as above be immediately revoked.

If this is not done I will immediately proceed in court action to restrain this construction and use..

Referred to new business.

Communication from H. Natrus stating that he has received bill amounting to \$75.00 for assessment for benefits. The property mentioned, Block 368G, lot 1, at present has absolutely no improvements of any kind, therefore, I do not believe this assessment is justified.

Referred to Assessment Commission.

Communication from F. Aurel Schied stating that he notes with interest the endeavors to have the county poor farm property converted into a park and playground for children. May I suggest you take precautions to avoid making the same mistake that many communities in the state of development have made and are making that of not planning and arranging to provide sufficient playgrounds in strategic points of the town for the safety, health and enjoyment of the rapidly increasing population. Another suggestion I recommend is the opening of the high school swimming pool. And last, but not least, that the steam roller try to iron out some of the bumps in the approach to the Grayson Place railroad overpass.

Committee as a whole and Engineering Department.

Communication from N. J. State League of Municipalities re Chapter 324, P.L. 1929, under which Public Service and other transportation companies are permitted to deduct from their franchise taxes the cost of transporting policemen and firemen. Public Service has recently tendered checks in payment for such franchise taxes and have made deductions which some municipalities think are unwarranted in amount. If your municipality should decide to contest either the validity of the Act or the amount of the deduction by court action independent of other municipalities, it is hoped that you will instruct your solicitor to consult with our Legal Advisory Committee, through this office, so that we may confer jointly in the preparation of briefs and procedure of the case.

Referred to Committee.

Communication from Public Service Electric & Gas Company, - In all cases where gas mains and stub services are required to be installed by municipalities, the following will be necessary:

1. A contract with the Public Service Electric & Gas Company for the installation of the mains and extensions must be authorized by an ordinance. If such installation is provided for in connection with other street improvements, all in one ordinance, the title of the ordinance should contain an appropriation designation, such as:

"and providing for the installation by Public Service Electric and Gas Company of gas mains, pipes and extensions" and a section substantially as hereto attached and marked "A". If the extensions are required in anticipation of future improvements, an ordinance will be required substantially in the form hereto attached and marked "B".

2. After the ordinance is passed the same must be advertised and proof of the date of advertising furnished and also proof that no protests against the ordinance may have been filed by taxpayers within a period of ten days after the date of the first publication.

3. After the expiration of the time referred to in 2, a contract substantially in the form hereto annexed and marked "C" must be executed and delivered to the company, together with the check for the amount agreed upon.

4. In all cases where applications are made by municipalities for any such installations, information should be furnished as to whether the work is to be done in connection with other street improvements or whether it is to be done under a separate ordinance in anticipation of future improvements.

Referred to Committee as a whole.

Communication from A. Edmondson calling attention to the very bad condition of the water running and creating pools in front of his house at 995 Grace Terrace corner of Wyndham Road.

Referred to Engineering Department.

Communication from North Hudson Mfg. Co., owners of four houses on Lorain Avenue, requesting some lights along Lorain Avenue. Also asking the consideration of the improvement of said street.

Referred to Engineering Department.

Communication from Ulrich Sign Company requesting permission to erect one sign flat on building size 2' x 13' 9", sign not to go over a public street or

over sidewalks. Same to be put up in accordance with city regulations. Sign to be erected for Costas Pharmacy, 380 Queen Anne Road.

Referred to Committee.

Communication from August Pihlak making request for the grading of Kensington Avenue, for proper water drainage to carry off the water which flows down from Pennington Road.

Referred to Engineering Department.

Acknowledgement from Board of Chosen Freeholders of communication and resolution sent to them to take over as county roads, Tryon Avenue and Palisade Avenue.

File.

Communication from Public Utility Commissioners stating that route of bus combining the operation of the Hackensack-Paterson and Hackensack-Journal Square, J. C. is as follows - Beginning at Market Street car house, Paterson, thence via Market Street, Essex Street, Main Street, Court Street, Fort Lee Road, Queen Anne Road, Winant Street, Ridgefield Avenue, Bergen Turnpike, Fairview Avenue, Dallytown Road, Hudson County Boulevard, Journal Square, Sip Ave. to Public Service trolley loop; returning via same route to Fort Lee Road and Bridge Street, Hackensack, thence via Bridge Street, Moore Street, Mercer St., State Street, Essex Street and Market Street to Market Street car house. Paterson, N. J.

Referred to Committee.

Report of Recorder's Court for - February, \$59.00 - March, \$14.00 - April - \$27.00 - May, \$57.00.

A motion was made by Mr. McCarthy, seconded by Mr. Falt, that report be accepted and check turned over to Treasurer.

On roll call all Committeemen being in favor and none against, motion was declared carried.

Tax Collector's Report for June - Total taxes, \$280,758.60. Total Assessments - \$41,890.75.

A motion was made by Mr. McCarthy, seconded by Mr. Falt, that report be accepted.

On roll call all Committeemen being in favor and none against, motion was declared carried.

Communication from George Buckmann - Will you kindly give the subject of the erection of an overhead road crossing at Main Street, Bogota, as outlined in the enclosed article, your earnest thought and consideration. Your help and cooperation in furthering a most necessary improvement which will be of lasting benefit to Teaneck will be greatly appreciated by the large number of citizens using the West Shore Railroad in Bogota.

Referred to Committee as a whole.

Communication from Mr. John Brarman refusing to return his half of the fee paid on the permit granted to Mr. Macarone to erect a garage on Teaneck Road and Westervelt Place on the grounds that it is his honest opinion, backed by all the facts, that this permit is as legitimate as any permit ever issued by anybody in this Township. The garage which Macarone wished to erect complied, according to plans and specifications, with the ordinances adopted by the Township Committee. The proposed building and the permit which was issued for that work, complies with the building line established in 1926, with the Building Code adopted in 1927, and with the zoning ordinance adopted in 1929, and the property in question had no restrictions which would prohibit the erection of the garage. In the Macarone case, the Board of Adjustment had no jurisdiction because, as I understand it, the Board of Adjustment has no jurisdiction where the permit issued complies with the zoning ordinance, and there was nothing before the Board of Adjustment to show that it did not comply with the zoning ordinance.

Referred to Committee as a whole.

REPORTS OF COMMITTEES

Finance Committee -

The following resolution was offered by Mr. McCarthy, for Mr. Reilly, seconded by Mr. Falt:

RESOLVED that bills listed on General Disbursement Sheet dated July 15, 1930, for the following accounts:

General Government	\$ 1,291.74
Grounds and Buildings	. 475.26
Police Department	3,348.64
Fire Department	2,813.76
Engineering Department	636.01
Road Department	1,242.95
Parks	42.52
Sewer and Disposal Plant	1,159.40
Snow and Weeds	294.80
Dumps	121.00
Refund of Taxes	212.17
Engineering Dept. Suspense	25.00
Poor Relief	29.20
Capital Account	267.50
Trust Reserve Account	1,284.01
	<u>\$13,243.98</u>

amounting to a total of Thirteen thousand, two hundred forty-three dollars and ninety-eight cents, having been audited and found correct, the Treasurer is hereby authorized to pay the same provided he has, in his possession, sufficient funds.

On roll call all Committeemen being in favor and none against, resolution was declared adopted.

UNFINISHED BUSINESS

Hearing was ordered held on an ordinance to Amend the Zoning Ordinance with reference to the Securing of Permits for Gasoline Stations - Ordinance #609.

A motion was made by Mr. Falt, seconded by Mr. McCarthy, that the hearing be closed.

On roll call all Committeemen being in favor and none against, motion was declared adopted.

A motion was made by Mr. McCarthy, seconded by Mr. Falt, that the above ordinance proceed to second reading.

On roll call all Committeemen being in favor and none against, motion was declared carried.

Ordinance was given second reading.

A motion was made by Mr. McCarthy, seconded by Mr. Falt, that the above ordinance pass on second reading.

On roll call all Committeemen being in favor and none against, motion was declared carried.

A motion was made by Mr. Falt, seconded by Mr. McCarthy, that the above ordinance proceed to third and final reading by title only.

On roll call all Committeemen being in favor and none against, motion was declared carried.

Ordinance was given third and final reading by title only.

A motion was made by Mr. McCarthy, seconded by Mr. Falt, that the above ordinance be approved on third and final reading and adopted as a whole.

On roll call all Committeemen being in favor and none against, motion was declared carried.

NEW BUSINESS

The following resolution was offered by Mr. McCarthy, seconded by Mr. Falt - These resolutions being offered for Mr. Reilly -

WHEREAS it appears to the satisfaction of the Township Committee of the Township of Teaneck, N. J., that property known as Block 450, lots 3 and 4 are property of the Veterans Holding Corporation,

WHEREAS in accordance with the general Tax Act, revision of 1918, section 203 as amended in 1929, provides that organizations under this state or of the United States holding real or personal property used for military purposes are exempt from taxation provided all income derived from the said company above expenses of its maintenance and repairs should be used exclusively for such military purposes.

WHEREAS the above described property comes within this provision and is therefore under this act,

RESOLVED THEREFORE that the Tax Collector be and he hereby is relieved of collecting the taxes on this property for 1930 in the amount of \$12.16.

On roll call all Committeemen being in favor and none against, resolution was declared adopted.

The following resolution was offered by Mr. McCarthy, seconded by Mr. Falt:

WHEREAS it appears to the satisfaction of the Township Committee of the Township of Teaneck, N. J., that an error was made in selling property known as Block 497, lots 33-36 for delinquent second half of 1928 taxes,

WHEREAS the owner of record, John F. Simonson had filed a copy of his discharge from the Military Service of the United States,

THEREFORE BE IT RESOLVED that the Tax Collector be and he hereby is authorized to cancel the second half of 1928 taxes on above property (amount \$10.66) and redeem property from the Paramount Investment Corporation.

On roll call all Committeemen being in favor and none against, resolution was declared adopted.

The following resolution was offered by Mr. McCarthy, seconded by Mr. Falt:

WHEREAS it appears to the satisfaction of the Township Committee of the Township of Teaneck, N. J. that an error had been made in assessing property known as Block 582, lot 10, for the years 1929 and 1930 on the basis of 6.79 acres,

WHEREAS after investigation it has been found that this plot is 6.52 acres

RESOLVED THEREFORE that the Tax Collector be and he hereby is authorized to adjust the above mentioned taxes on the basis of 6.52 acres at \$1,000. per acre, total \$32.53.

On roll call all Committeemen being in favor and none against, resolution was declared adopted.

Mr. Falt presented report of Fire Department showing amount collected for fireworks - \$13.00.

A motion was made by Mr. Falt, seconded by Mr. McCarthy, that report be accepted and money turned over to Treasurer.

On roll call all Committeemen being in favor and none against, motion was declared carried.

The following resolution was offered by Mr. Hanniball, seconded by Mr. McCarthy:

RESOLVED that the Hackensack Water Company be and hereby are authorized to extend their distributing system in

Sussex Road 24 ft. 8" pipe N. from d.e. N. of Billington Road to Emerson Avenue.

Walraven Ave. 84 ft. 6" pipe E. of Station Street to reach garage.

On roll call all Committeemen being in favor and none against, resolution was declared adopted.

Mr. Smith, 727 River Road - We are here to make a protest against that swimming pool.

Chairman - As I understand it, permit was granted for a club by membership only.

Mr. Smith - There seems to be so much secrecy, we can't find anything out about it. We are all property owners and we are very much afraid it is going to spoil our property. I live 200' away from it. Mr. Green lives near it and I have several people here on it.

Chairman - When party made application for permit, they expressly stated it was to be a high class club by membership only. Under those conditions the building inspector granted the permit.

Mr. Smith - It has come to me through rumor that the Building Inspector should not have granted that because there is a clause that he had no right to it. We are here to find out about it.

Chairman - We were advised by attorney we couldn't stop the issuance of the permit if it was a membership club as it was stated to us.

Mr. Weller - When that permit was applied for Building Inspector referred it to the Township Committee, and they represented that the place was to be used for a club, and the application so recites and the zoning law provides that in a residential district club houses are permitted - clubs and social and recreation buildings, except those in which the chief activity is a service carried on as a business. That is a specific provision and we called that to his attention and we asked whether he was going to run it as a business and he said "No, positively not, it was going to be like Phelps Manor Club on a membership basis."

We told them if you are going to run it on any other basis you are liable to have your work stopped and not have building used for purpose erected, and he assured us it was on a membership basis. On the strength of that the Building Inspector, who had referred it to the Township Committee, which he has a right to do, was told he could issue the permit. So far as I know, and as far as anything has been brought to my attention, I know of nothing to prove that they are not going to use it for membership purposes.

Mr. Smith - Did I hear a letter read from a Mr. Donnelly?

Clerk again read letter from Mr. Donnelly protesting against swimming pool.

Chairman - I don't know what information he has. We haven't any information except what they told us the night before the permit was issued as Mr. Weller has stated.

Mr. Smith - You have the plans and specifications on exhibition here?

Chairman - Building Inspector has the plans.

Mr. Warner - Did you give him permission to use it for public purposes provided they would use it for high class club?

Mr. Weller - It would be in accordance with the ordinance.

Mr. Warner - Your assurance in giving permit is what they said.

Mr. Weller - Their permit says in compliance with the ordinance.

Mr. Warner - Obviously a swimming pool must be some sort of restricted high class sort of club. What is to prevent them having a membership at 50¢? Did it occur to you to ask him who the members were?

Mr. Weller - The mere fact that a corporation is formed in order to take title to a building, it may not be designated a holding company after they have building up, they lease it to a club and they require it as part of membership in the club that he hold share of stock in the holding company. They don't have to start their club until after they are ready to proceed. If they attempt to run it on a basis of business, they will be subject to a penalty.

Mr. Warner - By your advice you have given permission to build a club house without a club in view.

Mr. Weller - Nothing of the sort. We don't know what their anticipations are. We can't say they are liars before we have proof to the contrary.

Mr. Warner - It is given to us to have common sense, and there is no club there. We have every reason to think it may resolve itself into a 50¢ club.

Mr. Weller - Amount of dues don't mean anything, the lower the dues are the less chance of being a business proposition.

Mr. Green - We can't understand that a swimming pool 200' can be allowed in a zone for residential purposes. If it is, the zoning law doesn't mean anything at all.

Mr. Weller - Isn't it customary to have a swimming pool in with a club?

Mr. Green - Not a 200' pool.

Mr. Weller - It doesn't have to be a golf club.

Mr. Green - Private clubs don't have a pool like that.

Mr. Weller - Our zoning ordinance says clubs.

Mr. Green - They could be quiet clubs, where amusements are shut up in the houses. It will hold 3,000 people and if we have that many people bathing there it will make it impossible to live there.

Mr. Weller - If you have any affirmative proof that it is a business, building inspector is allowed to revoke permit if there is misrepresentation or any property owner who believes that zoning ordinance is violated has right to take appeal

to Board of Adjustment. You can take these appeals to Building Inspector or Board of Adjustment and if you can furnish the proof that is satisfactory that that isn't a membership proposition, they have the power to revoke the permit. What we want is proof to show it is a business and not a club, then they have a perfect right to apply to building inspector or take appeal to Board of Adjustment.

Mr. Griffin - We want Town to protect us.

Mr. Weller - We can't protect you any more than affidavits on the building permit.

Mr. Green - Zoning ordinance should be changed.

Mr. Weller - While it is there as it is we have to comply with it. Why not communicate with these people who are going to put this club up and find out the information. They have a certificate of incorporation in the Bergen County Clerk's office, and that will give you the names. This corporation certificate was filed on July 8th and the names of the incorporators are on file there.

Gentleman - At the time the application was made for a permit, I believe building plans are filed. The nature of the construction of that building might determine for all of us what is going to be erected there. If it is a swimming pool and nothing else it must be a commercial enterprise.

Chairman - It was club house, and building inspector has plans on file. You are welcome to see them, and it has a club house in the front, very elaborate the plans are, with a swimming pool in the rear.

Gentleman - Is this swimming pool enclosed?

Chairman - I can't answer that. I don't recall.

Gentleman - Do you know the names of the people who are putting this up?

Mr. Weller - When Mr. Hanniball communicated with me that some question might come up because people had been objecting, I knew that one of the names on the application was a man by the name of Walsh and I asked him why certificate wasn't recorded. He said it should have been and I said who is interested and he said it would be embarrassing to tell that right now. He said there will be a public announcement and you will see there are substantial people interested and it is not intended to be a business proposition.

Gentleman - There seems to be a great deal of mystery about it. We want to get straight on it, at least know who is invading the neighborhood.

Mr. Weller - L. A. Walsh, and his office is at 210 Main Street. He is the only one who can tell you who is interested, except this certificate shows who is incorporators, they may be dummy incorporators. It was filed on July 8th.

Gentleman - In these hard times I can't see how a body of men could spend \$50000. without any membership. At least they would advertise through the local papers soliciting members in a club. There is Dumont Club, also a swimming pool. They charge 50¢ admission and I understand all the neighbors are having rolls and stuff over their premises and it is too late to do anything, and we want to have it closed down before it goes too far. After it is all constructed it is too late. I am afraid this is going to be run the same and called the Teaneck Club with general admission of 50¢. If there is no membership in the club, permit should be revoked.

Mr. Weller - I suggested remedy you should take. Township Committee don't grant the permit, building inspector grants them. At the time they were talking about it, they distinctly talked about Dumont and they said it was not going to be like Dumont, it was only membership and was in compliance with zoning ordinance. Zoning ordinance says if it is club they can have it in residential district. If you take an appeal to Board of Adjustment they will be served with notice to appear.

Chairman - That seems the thing to do.

Mr. Warner - I have never been in favor of a lawyer on our Township Board. Mr. Weller is a technician. I don't think we have to appeal to Board of Adjustment, we have to depend on your common sense.

Chairman - Building Code provides procedure and it says as Mr. Weller stated that appeals should be made to Board of Adjustment at which time these people who got permit will be present. You will be at liberty to ask questions and get all information you can. It seems to me that is thing to do to appeal it to Board of Adjustment and have your hearing.

Mr. Warner - You have taken in everything they told you.

Chairman - We had to.

Mr. Warner - It didn't sound true, you didn't have to believe it.

Chairman - They complied with every provision.

Mr. Warner - If it is a club where are the members. I have yet to see a club that is gotten together and promoted later with the assumption of getting members at some later time. They are going to charge modest fee, and that is just what it amounts to.

Mr. Hanniball - I believe that there is a certain amount of misrepresentation in this permit. This particular party when he requested the permit had me believing it was going to be a good club, a high class club. He said membership would be limited and fee would be practically \$100. to \$150. Since that time I have changed my mind and I think that in order to protect these people for the time being that we should recommend to the Building Inspector that a stop notice go on it until we find out who the Bergen County Sports Club is, and I so move, Mr. Chairman. Motion seconded by Mr. Falt.

Mr. Warner - I want to thank Mr. Hanniball as a man truly representing our interests.

Chairman - Is that legal?

Mr. Weller - I don't think you can do any more than recommend. He is given jurisdiction to place stop notice for violations, and, furthermore, I strongly take exception to your remark I am running this Town. My advice is never given unless it is requested. It was only when they asked me if they could do it if it is in compliance with zoning ordinance that I said you have to grant the permit. To say I run the Town is uncalled for.

Mr. Warner - We can be too technical. There is common sense mixed up in this.

On roll call, all Committeemen being in favor and none against, Mr. Hanniball's motion was declared carried.

Mr. Wolf - It seems to me that it is simply a question of law, and our attorney could find out by investigating what club means because they have been tried in Supreme Court to determine what the word club and business mean.

Mr. Weller - Business means running it for a profit, and not for club purposes.

Mr. Wolf - You will find where identical cases were decided in court. Our borough attorney should look that up, he shouldn't force taxpayers to spend their money.

Chairman - Have Clerk write Mr. Swan what he had in mind.

Mr. Warner - So that the neighbors will know whether to go ahead, will you ask Building Inspector if he will act on your suggestion. If he will our neighbors don't have to do anything. You can only suggest to your building inspector that he hold up on it.

Mr. Bengston - If I order him to stop it he will take it up with Board of Adjustment.

Mr. Weller - Somebody suggested that he put a stop notice pending some investigation. If he puts stop notice on he has to give reason why. Proper thing for building inspector to do is to issue order to show cause why it should not be revoked, that it contains false statement. When that thing is returnable let these people say what they have to say to assist the Building Inspector, back him up. He has the power to revoke the permit.

Chairman - It doesn't make any difference, it goes to Board of Adjustment anyway.

Mr. Weller - It doesn't necessarily, for this reason, building inspector has jurisdiction to revoke permit if there is false statement or misrepresentation of fact. Then they have right to take appeal to Board of Adjustment why it should be revoked. I don't see why you should go to Board of Adjustment when possibly building inspector might revoke it.

Gentleman - Who runs Township Committee or Building Inspector?

Mr. Weller - Building Inspector issues permit.

Gentleman - Can't Township Committee compel him to stop the permit?

Mr. Weller - You will see in the ordinance what powers he has.

Gentleman - Taxpayers elected Township Committee and they represent people and they should take this thing in hand. It may wrangle around between him and Township attorney and we won't get anywheres.

Mr. Weller - I am sure Building Inspector will comply with any request of the Township Committee.

Mr. Smith - Is he going to stop it?

Mr. Bengston - If I order him to stop it he will take it up with the Board of Adjustment.

Mr. Smith - There will be no work done on it until we hear from the Board.

Lady - I would like to know if law is the only thing that controls these things. We have our own little home there, but there isn't a thing about it that we don't love and enjoy. We sit there and get away from the traffic. Every spear of grass and trees are home. Now you gentlemen all have homes and you know what it means, and you certainly wouldn't enjoy it with arc lights and cars being parked and hot dog stands. Perhaps this is so high class they won't have hot dog stands, but it will have lights and you know no matter how high class it is it will be a nuisance and it will spoil the home life we have.

Mr. Roemmelt - I have a friend of mine in the State Board of Health and he says that the State Board of Health claim that a swimming pool is absolutely detrimental to public health. They ought to consider that if they want to put in a swimming pool anywhere.

A motion was made, seconded and carried, that meeting adjourn to July 29th, 1930.

Respectfully submitted,

Henry Heister
Township Clerk.

QC
