      Chief, Fire Dept.
                                    K. V. Ridley
                                                                600.00
      Janitor
                                . Geo. Campbell
                                                            . 1,800.00
      Clerk, Finance Dept. . Grant Graham.
                                                             ·Per·diem basis
      A mction was made by Mr. Warner, seconded by Mr. Morten, that the above
appointments be accepted and confirmed.
      On roll callall Councilmen voting in favor and none against, motion was
declared carried.
```

Mr. Volcker stated that on December 10th, 1930, Council has a meeting, asyou know, with the Board of Freeholders to present to the Board of Freeholders a petition of the Township of Teaneck for various improvements. I have the draft of the letter which was proposed at the meeting in this Chamber last night.

The Clerk read the letter to be sent to the Freeholders asking for various improvements.

A motion was made by Mr. Morten, seconded by Mr. Paquin, that the communication be approved and forwarded to the Freeholders.

· On roll call all Councilmen voting in favor and none against, motion was declared carried.

Mr. Volcker outlined the reorganization changes which have taken place as follows:

1. Regarding the Engineering Department, the former Assistant Township

Engineer, Mr. Whitelaw, will take over the engineering features of the Department, Mr. Wild has, as you have heard, been made Supt. of Public Works, and he is in charge with two forement Mr. Wahl on roads, and Macaulay on sewers. We have decided to operate the plants efficiently with four operators. On the dumps we have closed the one alongside the Hackensack River, and have kept one man of the three who were working.

- 2. In the Municipal Building, instead of two jamitors, ground keeper and assistant, we have one jamitor. Miscellaneous work will come from the Department of Public Works.
- 3. In the Finance Department, the office of Finance Officer and Search Clerk is to be discontinued, although Mr. Goelz is to stay with us until the end of the year. Mr. Goelz' work will be done by the clerk who is in his office and Mrs. Kreuger is to take over the search work.
- 4. In the Road Department, and sewer gang, we have adopted the policy of part time work, and at the present time we are probably employing as many men, or almost as manyman, as we were a month ago, but we are only employing them on one-third time, and we are doing this on account of the unemployment situation. Under ordinary circumstances, the work we are doing would be postponed to the Spring, but we are trying to make just as much work as we can. Unfortunately, as I will explain later, we will not be able to take advantage of this bill recently passed, because of expenditures of a few years ago.

It might be interesting to know that the changes which have been made so far in the offices in the official lists here amount to a saving of approximately \$30,000. a year on people being paid yearly salaries.

CLD BUSINESS

Mr. Volcker reported on the following - Traffic lights and street lights - I have had various requests for additional traffic lights and street lights. We are asking the County of Bergen to take over the traffic lights, to re-vamp them, and I don't think anything should be done on traffic lights until we come to an understanding. On street lights, survey for re-lighting is progressing, and these changes will be taken care of in re-installation of lights.

Mosquito Commission have asked for about \$400. to continue their work in the Township. I have talked with Dr. Reynolds, and he is very much in favor of making that appropriation. The appropriation of \$400. is comparatively small, and from what Dr. Reynolds tells me and from what I know I suggest that the Town make that appropriation in its next year's budget.

I was asked to writ e to the Exempt Firemen last meeting and assure them they would not be overlooked. I have done so.

Foreclosure of Warr property on Congress Avenue by Wright, VanderBurgh and McCarthy - It seems in 1929 a resolution was passed giving this firm instructions to foreclose on about 42 properties.

Mayor - How many accounts are still pending?

Mr. Volcker - I have written Judge McCarthy asking for an account of the expenses involved, etc. On this particular property, bill is \$362., amount of outstanding assessments is \$653. or about a total of \$1,000. This property is assessed at \$175.

I was requested to answer tax sale communication wherein they asked us not to hold any tax sale this winter. I told them it was impossible to hold one this winter.

Petit ion on Schley Place, I answered in accordance with instructions given me, stressing the point it was impossible to do anything because of the financial condition of the Tewnship, the debt limit being exceeded.

Petition of Teaneck Gardens, they wish a change in the zoning ordinance. I think that is matter for Board of Adjustment.

Mayor - Refer that to Board of Adjustment.

MULICY

Mr. Volcker - I advertised for bids for removal of garbage and received two bids Municipal Contracting Company \$1,750.00
Arthur Reinert 1.00

A motion was made by Mr. Morten, seconded by Mr. Warner, that the Township Manager be requested to prepare a contract with Mr. Reinert for the removal of garbage, and submit to Township Council and attorney for approval.

On roll call all Councilmen voting in favor and none against, motion was declared carried.

Mr. Walker - What has it been heretofore?

Mr. Volcker - \$1.00 a year.

Mr. Voloker - You recall that at the last meeting you had letter stating Brewster had to haul fill from west of Sagamore Avenue. After considerable discussion with men representing Brewster; we determined on the following - Sussex, down Sagamore and across the bridge, but he has to build his own road down Palisade Avenue and Hobson Place then down Elizabeth Avenue to Stevens Lane. On this side of railroad he will use Elizabeth Street. On the west side Carrison Avenue and Sagamore Avenue. That is the best route from the Township's point of view that can be gotten. He agrees to put on pneumatic tires, to clean the streets and be responsible for damage and he will place on extra man on Elizabeth Avenue by the high school during hours of the high school.

Mr. Brophy objected to the use of Garrison Avenue and the Council suggested that he send in a report suggesting another route.

Mr. Jennings suggested that the trucks be covered,

Mr. Kelly requested that the approches to the Grayson Place bridge be repaired. Mr. Volcker informed him that he would be glad to meet with him at any time and go over the situation further.

Mr. Volcker - Police and Finame Boards are to have their organization meetings in the Town Hall next Thursday and Friday.

Mr. Morrison - There are 17 matters on this list of November 25th which I was asked to report on tonight. I am unable to report on those matters fully - on appeal of Eickhoff and Spiegelglass from an assessment, this comes up for hearing on December 15th in the Circuit Court. Hart's case hasn't come up. Macarone - depositions are being taken. Jordan's case is in U. S. District Court, I have arranged with Mr. Turnorf, Mr. Jordan's attorney, who will send notice of hearing.

Other matters I am unable to report on as I have been unable to get papers from Mr. Weller who has not been in his office recently.

NEW BUSINESS

Mrs. Whipple requested information on whether the Municipal Manager Form of Government had jurisdiction over the Board of Adjustment.

Mr. Morrison - Municipal Manager act provides that certain boards would become vacant on adoption of this Municipal Manager Act and the election held subsequently thereto. Many offices become vacant tonight, including the Adjustment Board.

Mrs. Whipple - That would mean that such Manager Act supersedes the zoning amendment to the State Statute?

Mr. Morrison - The fact that the offices of this Board of Adjustment become_vacant does not mean that the Board of Adjustment is not in existence. The Board is still in existence, but persons on that Board will have to be appointed by the Township Council and in that way the provisions of the ordinance will be carried out.

Mrs. Whipple asked if the Township of Teaneck has a Board of Adjustment functioning at the present time, to which the Mayor reported it has not, and that it ceased to function four weeks after Council's induction into office.

Mrs. Whipple then asked if this form of government has jurisdiction over Board of Adjustment?

Mr. Morrison stated that the Board of Adjustment will be filled with new personnel and it will continue to act as it has formerly.

Mrs. Whipple said she wanted to find out if the Board of Adjustment has been dismissed, and if so who was appointed in their place?

Mr. Morten said Board of Adjustment did not become vacant by any act of the Township Council. It became vacant by Act of Legislature of State of N. J. and by vote of people of Township of Teaneck in applying that act to the people in this Township.

1 - Ex:10V -19

Mrs. Whipple - I want to see records or minutes, who will I go to?

Mayor - Mr. Volcker or Mr. Pearson.

Mrs. Whipple - Formerly we had Miss Weber. Has she been dispensed with?

Mayor - Please see Mr. Pearson.

Wrs. Whipple - I am not going to see Mr. Pearson when we have a Mayor. Night before last I went into the Town Hall and asked Miss Weber to show me the minutes. _I got to page 20. I would like to read from page 20 on. Is she still secretary?

the state of the s

Mayor said in the absence of Mr. Volcker she should go to see Mr. Pearson who will attend to her request.

Mrs. Whipple asked if the City Manager Act allowed this Council to dismiss all elective and appointive efficials automatically?

Mr. Morten replied that Council has not dismissed anyone.

Mrs. Whipple asked if the City Manager Act made it compulsory to carry out the mandate by dismissing the employees?

Mr. Morten said we have none dismissed. Mrs. Whipple claimed this is a wholesale let out and protested against what she characterized as arbitrary and unmanly deportment.

Mr. Goossens asked by what ways and means the Council or City Manager came to the conclusion to let out as of this date part of the employees of the Town? Mayor replied that it was in the interest of the taxpayer only, and it is up to the Municipal Manager.

Mr. Kelly brought out the fact that applications might be presented to the Board of Adjustment and there is a limited time on them.

Mr. Kruse asked if there is a saving of \$30,000. in salaries, is the Township of Teaneck doing the right thing by President in cutting down \$30,000. in salaries when other municipalities are employing help, and the difference will be \$2.00 a year.to the taxpayer.

Mr. Morten said the Legislature of State of New Jersey has passed an Act which provides for employment at a rate of \$3.00 per day and not \$2,000. a year.

Mr. Kruse said to protect our own people and asked why Council accepted their money?

Mr. Morten said that there is no provision whereby it can be returned, we have to take it. We can do with it what we please afterwards.

Mr. Kruse said to return it.

Mr. Hanniball said he was present on behalf of a man who is working two days a week. He has a family of 12 children at the present time. They have one boy working, three of his children don't go to school because they have no shoes, and that he was sure the man is entitled to a week's salary in the Township of Teaneck, being a good man who has worked for the Township before.

The Mayor asked Mr. Hanniball to take that case up with Mr. Volcker.

Mr. Hammiball said he hadtried to get the Mayor on the telephone twice, but couldn't get him because his 'phone was discontinued.

Mayor said he had not had an uninterrupted meal in ten months. I felt I was entitled to some privacy and at least a few hours at night to sleep. I have been down here, in company with other men. You saw door open, anyone is entitled to come in. My telephone has not been discontinued.

Mr. Walker - About a year ago at this time the Taxpayers League representatives appeared before the then Township Committee and requested that when the budget was prepared that the details of the budget be published. I now, as a private citizen and taxpayer, request that when your budget is prepared this year that all the details that go into making up that budget be published and made available to all the taxpayers. I would like to have you take action on that tonight.

Mr. Reilly - This is not in criticism. I notice you have said here tonight that the Town is in a semi-bankrupt condition. That news has spread throughout financial circles in New York. I would like to know if you know whether it is in a bankrupt condition?

Mayor - If it is Town's bonds, they will be worth more than they ever have been.

Mr. Reilly - Government of Teaneck was carried on last year without borrowing one penny at the bank.

Mayor - We now absolutely say you have exceeded your debt limit.

Mr. Reilly - Township of Teaneck never exceeded its debt limit. Township of Teaneck's debt limit is exceeded by law passed by State Legislature. Prior to passage of that law debt limit was not exceeded. I pass these remarks simply because I think you are doing Township a lot of harm by continuing to say we are in a semi-bankrupt condition.

On motion made, seconded and carried, meeting ad journed.

Respectfully submitted,

2 temy & bred Township Clerk.
